“STEM – Science, Technology, Engineering, Math”
Training for preschool teachers
Supporting children’s active learning in any curriculum

July 11, 2016
8 am-3:30 pm
Carl B. Hutcherson Building
2401 High Street
Lynchburg VA 24504
(434)515-5180
preschooltraininglynchburg@gmail.com

Sandy Slack, Endorsed HighScope Trainer

Wondering what all the buzz about STEM means for preschoolers? This workshop will show you! You’ll learn to support children’s ability to use and access resources to accomplish a goal and their ability to problem solve with materials, essential for STEM learning. Do you know the difference between academic learning and intellectual learning? You’ll find out! Inquiry based learning at the preschool level is best when guided by intentional adults who use several basic principles that you will practice.

And, you will identify materials to add THROUGHOUT your classroom that support budding scientists, technology gurus, engineers, and mathematicians!

Recertification: 6 hours
Registration Fee: $100/person
Groups (3 or more): $90/person
Cancellation fee: $50/person if cancelled
After July 7th

Register online by June 17th at
